

Helping Your Child Get the Right Care at the Right Time

You know your child best.

Get the best possible care when and where it's needed.

Pediatrician

Your child's pediatrician is your first stop for most routine care and non-emergency symptoms like:

Abdominal pain	Fever	Fractures and Sprains
Asthma	Flu symptoms	Minor injuries
Childhood illnesses	• Sudden fever	Minor Burns and Cuts
Cough	• Body aches	Rashes
Cold symptoms	• Cough	Sore throat
Earache	• Congestion	Vomiting and Diarrhea
		Vaccinations

Visit atlanticare.org to find a board-certified provider.

Urgent Care

If your pediatrician is not available and you need to get care fast, Urgent Care is the next best option for:

Abdominal Pain	Flu symptoms	Fractures and Sprains
Burns	• Sudden fever	Minor injuries
Cuts requiring stitches	• Body aches	Rashes or Hives
Fever	• Cough	Vomiting and Diarrhea
	• Congestion	

Visit atlanticare.org/urgent for the location closest to you.

Emergency Care

Get care immediately for serious limb injuries or life-threatening conditions like:

Broken or dislocated bones	Serious burns
Chest pain	Severe allergic reactions
Difficulty Breathing	Loss of consciousness
Deep cuts	Convulsions or Seizures

Visit atlanticare.org/emergency for wait times at our three locations.
